This one-off request for histological services is part of one of your projects, for which the MicroPICell platform must carry out a feasibility study beforehand. If this is not the case, please contact the platform to obtain the feasibility study form for validation by the platform.

IMPORTANT:

Collection of deliverables and samples

Once the work has been completed, you will be notified by e-mail. You will be given one month to collect your deliverables and samples. After that, a reminder e-mail will be sent to you. If a year has gone by without you collecting your deliverables and/or samples, you will be notified by e-mail that the material has been destroyed.

Blade storage boxes

If your service request requires the supply of blades, you can bring your own storage boxes. This is part of our eco-responsibility policy, and will save you from having to pay for the boxes.
